

Where's the value in IT Due Diligence?

ESPECIALLY IN A DOWNTURN

TEAM

Is the team equipped to scale?

Can the team grow the business and if there are skills gaps how can they be addressed cost-effectively?

STRATEGY

The Roadmap must be effective.

No more guesstimates. Investors need to see a return on investment.

TECHNOLOGY

Needs to be scalable and robust.

The tech stack cannot be riddled with debt.

TECH BUDGET

Efficient use of capital is vital.

Investors need to see creative deployment of funds which promise the best returns.
